Fistula(s), arteriovenous, surgery of large inaccessible, 285
Post-traumatic internal mammary arteriovenous: diagnostic considerations and report of a case, 129
Pulmonary arteriovenous, in children, 713
Pyeloduodenal, a case report, 260
Fluid volume expansion, extracellular, correction of defect in free water excretion in postoperative patients by, 70
Forward (Vol. 158, No. 5), 731
Function, sphincter of Oddi and gallbladder: II. the effect of sphincterotomy upon sphincteric resistance, 9

G

Gallbladder, sphincter of Oddi and: II effect of sphincterotomy upon sphincteric resistance, 9
Gastroschisis with antenatal evisceration of intestines and urinary bladder, 263
Graft, infected dacron, clinical experience with management of the, 249
Gunshot wound of the abdominal aorta and anoxic cardiac arrest: report of a survival, 131

H

Heart, electrical stimulation of the, 100
Hemochromatosis, abdominal pain, shock and death, 256
Hemorrhage, acute, effect of alcohol intoxication on the respiratory exchange and mortality rate associated with, in anesthetized dogs, 151
Transcapillary refilling after, in normal man: basal rates and volumes, effect of norepinephrine, 698
Hepatectomy, effect of cross circulation metabolism following, 812
Hernias, abdominal parietal, at the costal margin, 1047
Homotransplantation, renal, in man in modified recipients, 608
Hydrogen ion concentration in stored heparinized blood prior to use in cardiac surgery, method for control of, 1000
Hypertension, portal, hemodynamics in surgery for, 383
Portal, observations on intrahepatic vascular pressure regulation in, 109
Portal, the importance of hemodynamic studies in management of, 387
Hypothermia, response of myocardial fine structure to cardiac arrest and, 513
Hypoxia in the burned patient: a clinical-pathological study, 924

I

Ileitis, experimental, role of staphylococcal enterotoxin in the induction of, 492
Ileus, high output respiratory failure: an important cause of death ascribed to peritonitis or, 581
Ileus, treatment of, gastro-intestinal pacing: a new concept in the, 338
Infection, clostridial, following abdominal surgery, 27
Incidence, of studies on the, following open-chest cardiac massage for cardiac arrest, 596
In memoriam: Allen O. Whipple, 148
Intoxication, alcohol, effect of, on the respiratory exchange and mortality rate associated with acute hemorrhage in anesthetized dogs, 151
Experimental ammonia, effect of a monoamine oxidase inhibitor in, 363

J

Jaundice, obstructive, islet cell carcinoma of pancreas, producing, 222

L

Lingula with bronchial lymphadenopathy, chronic infection of the, 1066
Livers, in experimental burns, riboflavin content of, 933
Normal and necrotic, of the dog, hepatic regeneration in the, 31
Lymph nodes, fate of cells in passage through lymphatics and, 570

M

Marfan's syndrome, cardiovascular surgery in, 990
Meckel's diverticula seen in older patients, an unusual complication of, 6
Metabolism, effect of cross circulation, following hepatectomy, 812
Metastases, axillary, significance of location and number of, in carcinoma of the breast, 37
Liver, fluorouracil treatment of, by continuous hepatic artery infusion via Cournand catheter: results and suitability for intensive postsurgical adjuvant chemotherapy, 405
Microbiology and surgery, 827
Microcirculation of the dog omentum in oligemic shock, study of effects of norepinephrine on, 982
Micro-embolism, the role of, in the production of irreversible shock, 685
Myasthenia gravis, thymectomy for, 85

N

Nerves, autonomic, influence of, on the daily secretion of pancreatic juice in dogs, 290
Neuroepithelioma, malignant, of the sciatic nerve, survival six years after resection of a, 1071
Nodule, thyroid, the enigmatic, 205
Norepinephrine, effect of, transcapillary refilling after hemorrhage in normal man: basal rates and volumes, 698

O

Obstruction, bilateral, intermittent, of the subclavian veins, 1039
Rotational, of the vertebral artery due to redundance and extraluminal cervical fascial bands, 133
Unilateral, hepatic duct, 17
Orthopedics, maxillary, experiences with, 431

Oxygen consumptions, concentrations of inorganic ions in urine, serum and duodenal fluid, hematocrits, urinary excretions, pulse rates and blood pressure during duodenal depletions of sodium salts in normal and alcoholic man, 840
Oxygenation, a new method of, a study of its use in respiratory support and the artificial placenta, 537
Hyperbaric, studies in suspended animation by hypothermia combined with, 349

P

Pacing, gastro-intestinal, a new concept in the treatment of ileus, 338
Pancreas, heterotopic gastric carcinoma in, 56
Islet cell carcinoma of, producing obstructive jaundice, 222
Islet cell function of the transplanted canine, 645
Pancreatitis, acute biliary: an experimental re-appraisal of factors governing biliary reflux into the pancreas, 1058
Acute necrotizing, the protective effect of proteinase inhibitor in, an experimental study, 655
Acute, pancreatic duct exploration in selected cases of, 859
Chronic recurrent, evaluation of sphincterotomy for the treatment of, 226
Experimental, use of a new antiproteolytic substance, trasylol, 233
Perfusion, pancreatic, physiologic peregrinations in, 830
Peritonitis, high output respiratory failure: an important cause of death ascribed to, or ileus, 581
Perspiration, rates of insensible, through normal, burned, tape stripped and epidermally denuded living human skin, 915
Placenta, artificial, a new method of oxygenation: a study of its use in respiratory support and the, 537
Presidential address: On Balance, 321
Prosthesis, acrylate-amide, reconstruction of the common bile duct with an, 420
Pseudocyst co-existent with pancreatic carcinoma, 971
Pyloroplasty, treatment of gastric ulcer (*in situ*) by vagotomy and, a clinical study, 461
Pyrazinamide coverage at the time of pulmonary resection for tuberculosis, 80

R

Regeneration, hepatic, in the normal and necrotic liver of the dog, 31
Resection, bilateral pulmonary, for tuberculosis, 76
Mikulicz, in infants and children: a 20-year survey of 196 patients, 481
Pulmonary, pyrazinamide coverage at the time of, for tuberculosis, 80
Restlessness, meaning of, burn therapy: IV. respiratory tract damage (an account of the clinical, x-ray and postmortem findings) and the, 799
Resuscitation, experimental cardiac, determination of cardiorespiratory variables in, using a mechanized pump for external cardiac massage, 295

S

Scolicides, chemical, host-parasite relationships in echinococcosis: X. Laboratory evaluation of, as adjuncts to hydatid surgery, 211
SE^{75}—selenomethionine, pancreatic uptake of, 894
Serum amylase, significance of prolonged evaluation of, 20
Shunts, portacaval, influence of stomal size of, on peripheral blood ammonia, 172
Portosystemic, spontaneous hemodynamically effective, 189
Shock, irreversible, the role of micro-embolism in the production of, 685
The portal and hepatic venous system in, an angiographic and manometric study in the dog, 672
Trauma and the surgeon, 759
Sodium salts, oxygen consumptions, concentrations of inorganic ions in urine, serum, and duodenal fluid, hematocrits, urinary excretions, pulse rates, and blood pressure during duodenal depletions of, in normal and alcoholic man, 840
Sphincterotomy, evaluation of, for the treatment of chronic recurrent pancreatitis, 226
Staphylococci, identification of the sources of, contaminating the surgical wound during operation, 898
Strokes, on the reversibility of: case of carotid artery repair with prompt recovery after hemiplegia and coma for two days, 1035
Stenosis, calcific, aortic, the surgical treatment of: operative methods and the results of pre- and postoperative hemodynamic assessments, 936
Stomach, acid secretion in stomach pouches made after freezing the, 440
Carcinoma of the, exfoliative cytology and, 144
Survival after surgical treatment of carcinoma of the, 51
Surgeon, credo of a, 740
Surgery, a definition of, 775
And microbiology, 827
Clinical, and biological science, 785
Fundamentals of, of septic wounds, 864
The future of, 778
Sympathectomy, effect of, on blood flow in arterial stenosis, 182

T

Tetrology of Fallot—the transverse ventriculotomy, technical considerations in the treatment of, 975
Thrombo-endarterectomy, emergency, of the superior mesenteric artery: report of four cases, 138
Thrombosis, acute iliofemoral venous, use of thrombectomy in the treatment of, in 45 patients, 561
Arterial and venous, use of dextran to prevent, 553
Tissue, chromaffin, secreting tumors of, 216
Trachea, lower, resection of the carina and, 889
Trauma, shock and the surgeon, 759
Tuberculosis, bilateral pulmonary, resection for, 76
Pyrazinamide coverage at the time of pulmonary resection for, 80

Tumor cells, a method of measurement of passage of, through the isolated pulmonary circulation, 877

U

Ulcer, gastric, treatment of (*in situ*) by vagotomy and pyloroplasty: a clinical study, 461
Perforated gastric, subcutaneous emphysema from: case report and review of literature, 1

V

Vagotomy, selective gastric, 448
Valvulotomy, mitral, re-operation for failed, 884
Varices, esophageal, due to extrahepatic portal block, total removal of the intrathoracic esophagus and antethoracic jejunal esophageal replacement for treatment of, 126
Esophago-gastric, the oral tolerance test as aid in the investigation of suspected, 820
Vessels, great, surgical correction of transposition of the, a successful complete correction, 282
Vineberg's operation, increased myocardial perfusion by internal mammary artery implant, 526

Z

Zollinger-Ellison syndrome: surgical removal of parietal cell mass with preservation of antrum and pylorus, ileocolonic transplant and resultant achlorhydria, 270
